The Fall River Men's Program

A Long Term Residential Treatment Program

Serving Men with Substance Use
Disorders in the Commonwealth of
Massachusetts

What can I expect if I participate in the program?

The Fall River Men's Recovery Home provides twenty-three beds to men with substance use problems. The building is a three story structure providing a comfortable, sober, home-like environment. Men participate in the program up to twelve months as they work on developing recovery skills and support systems. Men are also assisted with obtaining employment, entitlements, parenting skills, and living and coping skills as well as finding appropriate housing prior to discharge. These skills, services, and supports empower men so they successfully transition into the community and experience long term sobriety and an improved quality of life.

Steppingstone is just that a stepping stone to a healthy and better way of life. You are one step away from enjoying a better way of living. ~David M.

Who is eligible?

You must be 18 years of age or older, living in Massachusetts, alcohol and drug free and medically and psychologically stabilized.

How do I apply?

Referrals are received from social service agencies, addiction centers, and self referred. An initial screening assessment is obtained by calling 508 674-2788 ext. 202. If criteria is met an intake assessment is conducted on-site. Upon acceptance you will be placed on a waiting list and required to contact the program weekly with your continued interest in the program.

The Men's Recovery Home is funded by the Massachusetts Department of Public Health Bureau of Substance Abuse Services and Mass Health. No one is denied admission due to lack of insurance or ability to pay.
